Increase Productivity and Efficiency

Less Cleaning - Easy disposal vs. traditional gravity cups that require significant cleaning time and solvent use

Reduces Steps - Mix and spray with one cup. Measure out coatings inside the cup with convenient ratio markings

Clean Paint Jobs - Sealed, contamination-free system

All Coatings - Works with primers, solvent basecoats, clearcoats, and waterborne coatings

Safety - Less exposure to cleaning solvents and VOC's

Storage - Temporarily store unused paint between coatings therefore reducing paint waste

Less Components - Has fewer components compared to prior generations.

HOW DOES IT WORK?

ASSEMBLY

SHAKING

Designed for Durability and Performance

Liner Collapses Evenly

Liner system provides superior fluid flow, color match, and less over mixing. Spray at any angle including upside down.

Built-in Filtration

New integrated mesh filters eliminate the need to purchase and install filters and lids separately

9oz	24oz	34oz
		
125 micron	125 micron	125 micron
200 micron	200 micron	200 micron

Positive Locking Connection

Non-threaded easy on and off design allows for a tight and secure connection. Adapters available for virtually all guns.

Convenient Dispenser

Easily store and dispenser multiple cup sizes with sturdy wall-mount dispenser

For Waterborne and Solvent Basecoats
